

SCOUT ACTIVITIES AMONG BOYS AND GIRLS EXPLAINED

Lee Chamberlain Outlines Program For Boys At Rotary Meeting.

MISS NELSON URGES GIRL SCOUT SUPPORT

Need Of Commissioner And Council Stressed By Scoutmaster.

Boys' Week, being observed throughout the country by Rotary clubs, was observed by the Salem club Tuesday when Lee R. Chamberlain, scoutmaster of Troop 1, Boy Scouts, told of Scout activities and plans for the summer. He was introduced by Rotarian A. B. Haslam, chairman of the boys work committee.

Mr. Chamberlain stressed the need of a city or county council to be in charge of and systematize Scout activities. There are eight troops in the city and he said there should be a scout commissioner and a central body or council of business men to coordinate the activities of the boys.

The next big event in Scout ranks will be the county field day in this city June 10, when every troop in the county will send representatives to compete in Scout contests and races. W. H. Mullins and Scout Robert Campbell have donated the cup and ribbons to be given prize winners.

Arrange Truck Trip
Friends of the Salem Scouts have arranged a truck trip for them June 12, 13 and 14, to include Alliance, Canton, Akron, Cleveland, Erie and Youngstown. Arrangements will be made for the boys to visit industrial plants in these cities and all must pass certain Scout tests to qualify for the trip.

Mr. Chamberlain also told of a cooking contest for boys in Troop 1, requiring each member to learn at home to cook one article. They must experiment three or four times at home before they can enter the contest, when the article will be prepared without any help. Already Scouts are exhibiting cup cakes, cookies, layer cakes, pies, bread and (Continued on fourth page.)

COUNCIL WILL EXTEND TIME OF PAYMENT FOR BOND ISSUE OF \$41,307

A resolution authorizing the city to pass a bond issue of \$41,307 for extending time of payment of indebtedness contracted through municipal improvements, was placed on first reading Tuesday night and final passage by city council was delayed pending an investigation of the amount of interest the bonds should bear.

The indebtedness was contracted in the construction of the sewage disposal plant, improvement of electric lighting facilities and loans extended during the typhoid fever epidemic. The bonds to be in denominations of \$1,000 each, excepting the first which will be for \$1,307. The first bond will be payable in 1932 and the last in 1945. Interest will not be over 5 1/2 per cent with a possibility that it will be as low as 5 per cent.

City Will Repair Broken Culverts

Following complaint Tuesday night by several councilmen of unsafe culverts spanning alleys and street intersections, Service Director Bristol announced Wednesday that sufficient lumber is on hand in the service department to care for all worn out culverts in the city. If such cases are brought to his attention the department will make the necessary repairs.

He also announced that a limited number of water meters are available and may be had upon application.

GIRL SCOUT LEADERS BEING TRAINED HERE

Council Of Men And Women Sought To Lead Girl Scout Activities.

Organization of a council of men and women to direct Girl Scout activities and opening of training classes for leaders are objects sought by Miss Cora Nelson of New York, regional director of the Girl Scout movement, who is in Salem this week.

All Girl Scout leaders in the city attended the first training class conducted Tuesday night at the Community house. A rally for all Girl Scouts will be held Saturday afternoon in the Chamber of Commerce rooms.

Miss Nelson told of her work at the high school assembly Wednesday.

STREET SIGNS ARE RECEIVED

Scouts Will Assist Legion To Place Signs; More Funds Needed.

Street signs purchased by Charles H. Carey post No. 56, American Legion, with solicited subscriptions have arrived and are being assembled preparatory to being placed at street intersections.

Signs will be placed on Main st first by Boy Scouts who have volunteered to assist. A total of 381 signs are here and they are to be placed in a few days.

The signs have a blue back ground and white letters approximately four inches high. The lengths are from 20 inches to nearly 30 inches.

Sufficient money to pay for the signs has not been collected by the Legion and as soon as the first signs are placed on Main st a short campaign will be conducted to raise the balance required.

Fire Menaces U.S. Treasury Second Time

Firemen Battle All Night After Boiling Pitch Starts Blaze.

Washington, May 3.—After a hard all-night battle, the second fire which has menaced the United States treasury in two months was put entirely under control about dawn this morning.

Narines and soldiers who were hastily routed out of bed to guard the treasury in the huge building were sent back to their camps.

Treasury officials estimated the damage caused by the fire at from \$50,000 to \$75,000. It was confined entirely to the roof, upon which workmen have been engaged for months in building a new superstructure.

The fire originated on the roof and ate down through to the fourth floor, where some chemicals were stored, causing a small explosion. The explosion caused great excitement and led firemen to fear at first that the flames would get beyond control.

Spreading rapidly through the frame superstructure, the flames shot high into the air, lighting up the White House, across the street, the Washington hotel and nearby buildings.

The president and Mrs. Harding were awakened by the light in their sleeping rooms and watched the firemen bring the flames under control. Guests of the hotel also were interested spectators, crowding the windows in their night clothing.

The fire was the second that has menaced the treasury lately. Two months ago a pot of boiling pitch, used in roof construction was upset, causing a fire.

Boiling pitch, left by workmen, caused today's blaze.

WITHDRAWS IN FAVOR OF "WET" CANDIDATE

Trenton, N. J., May 3.—Declaring that Gov. Edward I. Edwards' "antagonism to prohibition" makes him the strongest candidate on the political horizon, Alexander Simpson, minority leader in the state senate, today announced his withdrawal as a candidate for nomination as United States senator. Gov. Edwards probably will have no opponent for the Democratic nomination.

TELLS KIWANIS CLUB OF BUSINESS METHODS

Park Meeks, representative of the Bolton, Meeks, Weaver Co., Youngstown, speaking at the Kiwanis club luncheon Wednesday noon at the Elks home, entertained with a vivid outline of business getting methods employed today by the country's traders his talk with a true story of the results obtained by one section sweeper concern.

They Claim To Be Wives Of Bigamist

Maude Allen and Theresa R. Hamelfin. Here are two of the purported wives of John Lawrence Le Clair, alleged "modern Lochinvar," held in Poughkeepsie, N. Y., on a bigamy charge. He is said to have married eight women and wooed 78 others "fast, furiously and frequently." Miss Maud Allen is from Boston, while Theresa R. Hamelfin is a Hartford woman.

No Place For Cowards

Pao Ting Fu, China, May 3.—Cowardice will not be tolerated in the armies of Wu Pei Fu. A local general after a limited retreat, was beheaded and his head mounted on the city wall as an example to all of Wu's armies.

Wu ordered the ill-fated general's successor to recover the 10 miles lost or meet the same fate.

Factories, Dwellings, Stores Destroyed As Flames Sweep Village

Kane, Pa., May 3.—Two large factories, six dwellings, a newspaper plant, a bank, store and motion picture theater were destroyed by fire which started late last night and which early today threatened to wipe out the village of Marienville near here.

Fire Chief William Himes of Kane was injured when a large fire truck upon which he was riding upset on a highway six miles from Marienville. The fire was so great that assistance was asked from the Kane department. Kane is 25 miles from Marienville.

Pittsburg, May 3.—Fire which raged for four hours early today and for a time threatened to destroy the entire South Side plant of the Jones & Laughlin Steel company, was finally brought under control after damage estimated at \$250,000 had resulted.

The machine shop and valuable machinery were destroyed as well as several other adjoining company structures.

Prominent Boston Man Kills Wife Then Self

Poston, May 3.—William B. Powell shot and killed his wife and then killed himself during a violent quarrel in which Powell accused his wife of infidelity with their butler, one of the six servants of the Powell's told the police.

The servant said she and several other servants listened to the quarrel and witnessed the firing of the butler at the height of the dispute, from the room in which Mrs. Powell was slain. After firing three shots into his wife's body, Powell went up to his room and with another revolver, sent four bullets into his left breast.

The principals in the double tragedy were both prominent. Mr. Powell was the widow of the late R. H. White, department store founder, and Powell was local manager of R. G. Dun & Co.

Freshmen Ducked In College Lake

Alliance, May 3.—From the warm and cozy beds of the freshmen dormitory to the cold waters of the college lake was the chilling experience of some 15 Mt. Union freshmen Monday night.

Incensed by the acts of the first-year men the night of the Junior prom when carboaters were removed from cars and dirt thrown in the machines, thereby soiling the festive attire of college girls, 50 upper classmen gathered Monday night and stormed the freshmen dormitory.

The attack was greeted with a shower of brick bats, but upper classmen wisely dodged them and snatched their victims from slumber land.

Caskets Demolished

Paris, May 3.—Four persons were killed outright and 39 injured in the collision of two trains near Vouziers today. A carload of caskets containing the bodies of French soldiers, which had just been removed from battlefields, was demolished.

4 CANDIDATES IN RACE FOR TREASURER

Rep. Cope Candidate Again; Hinchliffe May Seek Another Term.

Lisbon, May 3.—"I certainly will be a candidate to succeed myself at next Republican primary election," declared Harvey D. Cope, state representative, asked if the report was true that he would withdraw from the last season to frame a new tax measure, and I'm very much interested in that subject.

F. C. Hoopes, assistant cashier of the Kensington State bank, has announced himself as a candidate on the Republican ticket for county treasurer. Mr. Hoopes was for a number of years engaged in educational work in this county, being connected with the schools both at New Waterford and Salineville.

The race for treasurer is becoming more interesting as time wears on. There are three avowed candidates in the field, and it is reasonably certain Miss "Joe" Pike, who has been connected with the treasurers' office 15 years, will soon announce her candidacy.

Joseph Wilson, assistant to County Treasurer W. R. Phillips, and Fred Eckford, formerly with the Peoples National bank, Wellsville, are also candidates for this office.

Although he has refrained from announcing his candidacy, County Commissioner John H. Hinchliffe is being urged to enter the field to succeed himself.

"I've had a lot of people in all parts of the county to talk to me about this matter, and I've also received a lot of letters urging me to enter the race," said Mr. Hinchliffe. "Just haven't made up my mind what to do, but perhaps in a week or so I'll have something to say one way or the other."

Wickline Re-elected President of Eagles

Harry Wickline was re-elected president of Quaker City Aerie No. 316, F. O. E., Tuesday evening. Other officers elected are:

Vice president, Harry Bush; chaplain, Harvey Copeland; inside guard, Frank Nease; outside guard, Dallas Deithous; treasurer, George Gamble; secretary, H. W. Pealey; physician, Dr. O. A. Rhodes; trustees, John Hundertmark and Hugh Donahue. The officers will be installed in one week.

500 Strikers Attack Montreal Policemen

Montreal, Que., May 3.—A battle in which two policemen were wounded and hundreds of shots were fired raged between 500 striking longshoremen and a heavy force of constabulary on the harbor front early today.

The strikers began the fray by attacking the police. After the police were reinforced by reserves the strikers broke and fled. Their casualties are not known.

Assails Lloyd George Policy in Near East

London, May 3.—The elaborate post-war scheme of Zion restored for the Jews can only exist so long as supported by British bayonets, according to an interview with Field Marshal Sir Henry Wilson, former chief of the imperial staff, printed in the Daily Mail today.

The interview was a bitter attack against the Near East policy of Premier Lloyd George.

Water Committee Seeking Surface Supply for City

Report Submitted At Open Forum Of Chamber Of Commerce.

Outline Problems Confronting City

Other Committees Report At First Of Monthly Gatherings.

Report of the water committee of the Chamber of Commerce which is cooperating with a committee from city council and the service director in the preliminary work incident to obtaining for Salem a more adequate water supply, proved to be the most interesting feature of the chamber's first open forum meeting Tuesday evening.

Committee reports were given following the serving of a satisfying supper to more than 100 members of the Chamber of Commerce, including a representative body of women members of the organization. The meeting, presided over by President C. H. Cebrown, was so interesting that a motion prevailed to continue the open forum gatherings the first Tuesday night of each month.

Turn to Surface Supply
Chairman H. A. Gager of the water committee outlined in general the preliminary steps that have been taken in the water situation, explaining that the Chamber of Commerce committee is attempting to make no decisions or take any official action, such being the province of the city officials.

Acting upon their own investigations and recommendations of every engineer who had made a survey of the territory, the committee had come to the conclusion, Mr. Gager reported, that wells will not provide a permanent adequate supply of water for domestic consumption, fire fighting and industrial purposes, consequently they have turned to consideration of a surface supply.

This means the building of a large reservoir or lake, chlorination, filtration, pumping to an impounding basin on high ground and distribution throughout the city. The reservoir is stated, probably would be located in the vicinity of the Newgarden rd. southwest of the city, the bottom of his basin to be six feet higher than the top of the standpipes on McKinley ave. Gravity lines would distribute the water to the city.

These preliminary surveys and other problems are being worked out before any decision is reached as to the location of the reservoir. A vote of approval was given the committee by the Chamber of Commerce.

Effect on Insurance Rates
In his report on municipal affairs, L. W. Young answered a number of questions propounded to him recently, he said, as to what effect an adequate supply of water would have on insurance rates in the city. Salem is a Class 4 of towns under the schedule, he said, while Alliance is a Class 3 1/2.

To place Salem in the latter class would require an addition of 600 feet of two and a half inch fire hose, standard building code, four additional full time firemen, stand up fire alarm system with boxes 50 feet apart in industrial and 800 feet apart in residential sections, etc.

Atty. L. P. Metzger, chairman of the industrial committee said, his committee believed just now it could be of more service by lending aid to the water committee than by trying to get new industries.

Better transportation service to Cleveland, gates at the Lisbon road crossing of the Pennsylvania tracks and other efforts are being undertaken by the transportation committee, Chairman A. O. Silver reported.

125 New Members
Chairman Walter L. Strain announced that 125 members had been gained during the recent campaign bringing the total membership to 275.

Reports were submitted briefly by W. L. Denning on entertainment, B. F. French on education and R. V. Lawley on publicity, while Secretary F. Parker Lovell outlined briefly some of his tasks.

President Cebrown was authorized to appoint a committee of five women to civic improvements and to add women to each of the standing committees. Mrs. H. H. Sharp, pending for the women, said they can do to help in any way possible.

Extend Immigration Law

Washington May 3.—The conference report of the joint resolution extending the present immigration restriction law for three years was adopted by the senate today without a record vote.

The resolution now goes to the president for his approval. The existing law restricts immigration to three per cent of the number of foreign nationals resident in this country when the 1919 census was taken.

Stanton Is Re-elected

B. F. Stanton, for seven years superintendent of the Alliance schools, has been re-elected for a term of five years. The school board's salary at \$3,500 Mr. Stanton was formerly principal of Salem High school.

\$100,000 Jewel Theft

New York, May 3.—Jewels valued at \$100,000 including a ring set with the largest emerald in this country, have been stolen here from Mrs. Mitchell Harrison, wife of a millionaire sugar refiner of Philadelphia, it is being known today.

The theft occurred Sunday, it is announced, during the few seconds Mrs. Harrison turned to help her daughter on with her coat in a Pullman in which they were arriving from Philadelphia.

Mrs. Harrison was bound for Europe and had packed the jewels in a small bag which she kept constantly under her eye every stage of the journey except for the few seconds during which they disappeared.

Street Battle Rages As Irish Talk Election

Free Staters Storm Castle As Contest Opens In Parliament.

Dublin, May 3.—While Dail Eireann was meeting today to settle the date of the Irish election, reports were received here this afternoon of a fierce battle raging in the streets of Kilkenny, between Free Staters and irregulars and the Irish Republic army.

The Free Staters were reported to be storming Ormonde castle where the irregulars have concentrated and are putting up a strong defense.

Dispatches from Belfast said that county Berry was completely isolated throughout the night. At some points every public light was demolished. A policeman was killed and another wounded in one outbreak of disorder.

On account of the numerous bank holdups it is understood that Irish bankers are making an agreement among themselves to close up all banks in the disturbed areas until normal conditions are restored.

Supporters of the Irish Free State in the dail eireann were prepared for a lively battle. It was anticipated that Eamon de Valera, head of the Republicans, would attempt to test the strength of the Free Staters by calling for a vote on every issue that comes up.

Belfast, May 3.—Reinforcements of special constables have arrived in Ulster from England, it was reported here this afternoon. They will be used against the Republicans who are raiding the property of the Orangemen.

Kidnap Marshal, Blow Vault, Taking \$30,000

Lafayette, Colo., May 3.—A gang of bandits swept down on Lafayette early this morning and after cutting all telephone and telegraph wires, kidnaped Night Marshal George Stobbs, blew the vaults of the First National bank and escaped with \$30,000 in cash and Liberty bonds.

Jake Olderson, manager of a local store, was shot and seriously wounded in a running gun battle with the bandits.

The bank interior was wrecked by the bandits who used ten charges of dynamite before the safe was blown.

Young Man Takes Iodine To Drown Domestic Trouble

Norman Barr, 21, attempted to take his life at his home in New Waterford at 7 p. m. Tuesday by drinking three ounces of iodine.

Mrs. Barr found him in great agony and summoned a physician who resorted to drastic means to save the young man's life. He is reported to be in a serious condition Wednesday.

Norman Barr, son of W. D. Barr of East Palestine, resided in that city until his marriage less than two years ago. Worry over domestic troubles is alleged to have caused the attempt at suicide.

Starving Armenian Children Need Help

Near East Relief Director Says America Must Answer Pleas.

America owes a debt to Armenia no money can ever pay, Harry R. Robertson of Kenmore, district director of the Near East Relief, told the Rotary club Tuesday afternoon in pleading for the club's moral support of this relief movement, for which a mass meeting will be held in the Grand theater Sunday night.

When the situation was the darkest for the allies, Mr. Robertson said, they appealed to Armenia to help them in the campaign on the eastern front. Responding to this plea, those Armenians went off, knowing at the

Council Delays Action On Auto Parking Changes

Await Ordinance Including Revisions Sought By Petitioners.

Time Limit Proposal Is Openly Opposed

Councilmen Want Uniform Regulations For All Sections Of City.

The expected battle in city council over the proposed revision of the traffic ordinance from parking at an angle on the south side of Main st between Ellsworth and Lincoln aves, to parking parallel of the curb on both sides of the street between the two intersecting thoroughfares was delayed Tuesday night until the next meeting of council.

By that date City Solicitor L. Harris will have an ordinance containing all provisions of the ordinance committee.

Despite the presentation Tuesday night of a petition asking that parallel parking and a time limit of one hour be provided, council seemed disposed to take any action at this time, pending the presentation of the ordinance prepared under supervision of the ordinance committee.

Oppose Time Limit
Traffic conditions at present and in the future were advanced. City Solicitor Harris advanced the suggestion that if parking parallel to the curb on Main st is desired, the proposed ordinance be prepared to include McKinley and Roosevelt aves.

Opposition to time limit of one hour was openly voiced in council and from the expressions of several councilmen it is almost an assured fact that the one hour parking proposal will be killed and a possibility exists that if any changes are suggested careful consideration will be given regarding the time limit if any is placed. It is very doubtful, judging from some remarks of the legislative body, whether any time limit will be imposed.

The proposals submitted by civic organizations and citizens interested in community affairs are incomplete and if an ordinance containing their requests were passed amendments would be necessary from time to time.

City Officials Seek Public's Co-operation In Cleanup Campaign

The disposal plant is the municipal dumping grounds to be used during the annual spring cleanup movement which starts here next Monday in the Fourth ward, according to announcement Wednesday morning by city authorities. Sufficient trucks and wagons will be furnished by the city to take the rubbish from the streets as fast as people can pile it there.

Health authorities and others interested in the cleanup drive insist that all refuse be placed in containers before left on the curbs for collection. Rubbish scattered near street curbs will not be collected, they announce.

The success of the cleanup drive depends entirely upon the people, in the view of authorities. Regardless of the size of the pile in front of homes authorities promise that it will be collected for a nominal charge which will go for payment of hauling.

Raid Three Cafes, No Booze Found

Local police Tuesday night raided three soft drink cafes in the business district in search of liquor but were unsuccessful.

Following the arrest in April of 13 persons for violation of the prohibition act, liquor traffic in Salem has tightened according to police, and the little that is being sold is passed out in back rooms to those known in the establishments.

Starving Armenian Children Need Help

time that the women and children would be massacred by the Turks. They made the greatest sacrifice in the war, he said, for 99 per cent of those Armenian soldiers died on the field of battle.

Without their sacrifice, he continued, Germany would have been able to hold out six months longer and millions of American and allied soldiers would have paid with their lives.

The greatest act any nation ever performed, Mr. Robertson said, was that of one year ago when American people poured out 33 million dollars to feed their enemies. Such a spirit, he asserted, will not permit America to fall down now when the children of these Near East countries are facing starvation.

Why Not Abide With Us?

G. K. CHESTERTON tarried with us for a little while and advised us of our sins of omission and commission as a people. Dickens and Thackeray, long ago, flagellated us with benevolent satire. Mrs. Asquith has just concluded mirroring our crudities and imperfections. Mrs. Astor is busy instructing us wherein we have failed and is pointing us to the Astorian way by which we possibly may attain social, political and moral redemption.

Strange enough, these capable and charming mentors are not willing to abide with us in the heightened wilderness through which we are groping toward the super-excellence of British institutions, concepts and ideals. Their business is to talk to us and pray for us, when they should abide amidst and serve us. How shall we attain the heights of social, political or moral beatitude if these envisioned ministers remain not with us?

Mrs. Astor, for instance, charming, graceful, capable, long ago rejected our citizenship. We have had to get along without her as best we could. For many reasons it is impossible for all of us to assume the obligations of the higher quality of English citizenship. We, for many reasons, are tied to the land of Washington, Lincoln, Grant, Lee, Edison, Bell, the Wrights, Mrs. Stowe, Julia Ward Howe and others who had not the advantages of British environment.

But, with all our faults, infirmities and shortcomings as a people and as a nation, we must go forward, humbly profiting by such advice and direction as may be vouchsafed to us from time to time by distinguished visitors who have rejoiced in the perfections of Britain. Our domestic problems are our own and we must work them out as best we may. But perhaps the Lord will be good to us, erring though we may be, and keep us steadfastly at the task of making America a better, nobler, freer land, just as we always have tried to do.

Backing Up The Mayor

SINCE Mayor John W. Post and his officers have shown an inclination to enforce the liquor laws the Salem Ministerial association has passed a resolution expressing approval and appreciation of such efforts. The ministers go further by declaring their intention to arouse more interest in civic matters that the city officials may know their efforts are appreciated and backed up by the public.

There are some perhaps who will point to the fact that, despite the many arrests in recent weeks, many more sources of liquor traffic might be brought to light. There is foundation for such an opinion but when a start has been made it is only just that city officials be given encouragement. With the knowledge that their efforts are appreciated, these officials should find an incentive for further activities.

Prepare For Clean-Up

THE NEWS commends the service director for finding time from his many pressing duties at this season of the year to prepare for the annual spring clean-up observance. The director outlined Tuesday his plans for providing wagons to haul away rubbish left in front of properties. The campaign will start next week. That gives ample time for all residents to clean up their premises and have the refuse piled up before the wagons arrive. There has always been a generous response to this appeal in Salem. It is to be hoped that this year will be no exception.

20 YEARS AGO

(Issue of May 3, 1902.)

Solomon Horne, 15, who disappeared from his home about a month ago, has not been heard of since.

A heavy thunder storm passed over this locality Friday afternoon but no lightning damage was reported in this immediate vicinity.

During the last two months 150,000 persons have left southern and eastern homes to settle in North Dakota.

Miss Alfredda Moore, this city, and C. Curtis Weaver, Mansfield, were married Tuesday evening by Rev. Casper Stanley. The bride is a daughter of Mr. and Mrs. John Moore south of the city.

Mr. and Mrs. Richard Pow celebrated their thirtieth wedding anniversary last evening at their home Lincoln ave. by entertaining a few friends at dinner.

Elisha Blackburn, student at one of the Cleveland medical colleges, is in the city spending his vacation with relatives and friends.

Ava W. Allen, 73, died of heart trouble Friday afternoon. He is survived by his widow, Theda Allen, and five children, Ruth, John, Brooge, Ward and Martha.

Dr. H. D. Rymer and Robert Wink will leave this evening for the Little Beaver on a fishing trip.

W. J. Yeager will move from Walnut st. to Ellsworth ave just near the city limits and go into the chicken business.

THRESHERS WANT BAN ON CLEATED WHEELS REPEALED

Resolution Is Adopted At
Organization Meeting
In Salem.

Organization of the Columbiana-Mahoning County Brotherhood of Threshermen was completed Tuesday at a meeting in the Metzger hotel, when about 40 farmers from both counties assembled and elected the following officers for one year:

C. L. Brown, Salem, president; Mel Easterday, Summitville, vice-president; Stanley Howard, Salem, secretary-treasurer; Harvey Goodman, Salem; J. W. Boyd, East Liverpool; and A. A. Stewart, Canfield, executive committee.

The new organization is a branch of the Ohio Brotherhood of Threshermen being composed of former members of the Northeastern Ohio branch with headquarters at Massillon.

C. L. Loggie, state organizer from Columbus, is in Salem conducting a two county campaign to increase the membership of the new organization which tends to bind together the activities of threshermen. Reports of the membership campaign team will be submitted at the next meeting which will be held Saturday, June 19 in Salem.

Adopt Two Resolutions

The first action of the association was the adoption of two resolutions. One was directed to commissioners of Columbiana and Mahoning counties asking that all bridges in the two counties be made safe and secure. The other was a protest to Salem city council against the ordinance regulating the passage of tractors, threshers and other cleated farm machinery over the streets of Salem.

Council was asked to repeal the ordinance by the association which promised to co-operate with city officials in protecting the streets by forming an agreement with Service Director Bristol or any other city official whereby their machinery will be moved through Salem over certain designated routes which are safe and convenient.

The association promised to carry out the proposed gentlemen's agreement and any member who fails to comply with the provisions of the proposed agreement will be expelled from the association.

Tuesday night council authorized Service Director Bristol and the ordinance committee of council to confer with representatives of the association and come to an agreement as the present ordinance is in conflict with Section 1342112 of the General Code of Ohio which regulates the passage of cleated farm machinery over city streets.

M. E. CHURCH NOTES

The Sunday school board will meet at 7:30 p. m. Thursday. This is the meeting postponed from Tuesday of last week.

The Queen Esther society will meet with Mrs. Charles Haldi, Franklin ave. at 7:30 Thursday. The Lenten offering will be taken at that time.

The Woman's Foreign Missionary society will meet at the home of Mrs. W. L. Fultz, 71 North Union ave. at 2:30 Thursday. Mrs. C. F. Kirkbride will be the leader.

The Home Guards will meet with Margaret Holdredge, 682 McKinley ave. at 2:30 Saturday. It is the annual Mice Box offering. The topic is "Two and Two."

HE'S ACTIVE AT 84

THE WOMAN OF POISE

Once a rarity, is now to be observed and admired upon every hand. Indeed, no other woman can sustain one in the midst of this modern, complicated life. In the home, in business, in social life, the woman who is serene and confident wins while the nervous, flustered individual wastes her talents and gets nowhere. Of course, poise is dependent mainly upon sound health and steady nerves. If you feel that you are being kept back in this way, why not turn to that great woman's remedy, Lydia E. Pinkham's Vegetable Compound, which was manufactured from a thorough understanding of the nervous system of women?

Plauck-Wolford

Mrs. S. L. Wolford has just returned from Chicago, where she attended the wedding of her son, Calvin L. Wolford, and Miss Ruth Plauck, an event of Saturday, April 29.

The ceremony was at 4 p. m. at a little mission that the bride had attended since a child. Rev. Harry W. Von Bruck, a playmate of the bride, read the ring service.

Following the wedding a supper and reception were given at the home of Mr. Sherman, the bride's uncle, which interested about 100 guests.

Mr. and Mrs. Wolford are graduates of the Moody Bible Institute, Chicago, and after taking another course there they expect to become foreign missionaries. Mr. Wolford is a graduate of Salem High school.

They went to Milwaukee on a wedding trip.

Society to Give Pageant

The Edna Thomas Missionary society of the M. E. church is planning to give a pageant at its annual Thank Offering service Sunday evening, May 21, at the church. This was taken over at a well attended meeting of the society Tuesday evening at the home of Mrs. A. B. Hobson, Cleveland ave.

There were three visitors from the Women's Foreign Missionary society.

Miss Letta Gibson told "The How of the Woman's Foreign Missionary society" and Mrs. Frank Stoult and Miss Edith Porterfield sang a duet.

Party For Miss Ball

Continuing the round of pre-nuptial courtesies for Miss Margaret Ball, bride-elect of Charles Sutter, clerk of the Spring-Holzworth company store, and a few friends carried out a surprise for her Tuesday evening at the home of Mrs. Howard Ball, West Pershing ave. The girls presented Miss Ball a gift of linen and enjoyed the evening informally.

Received Three Members

Three new members were received at a meeting of Mrs. W. A. Leatherberry's class of the Christian church Tuesday evening at the church.

Mrs. Leatherberry gave a paper on "Does Missions Pay?" and the members told how they earned their missionary money. A social period was enjoyed. The class will meet again in one month at the church.

Cara Nome Club

Miss Anna Berghoff was hostess to members of the Cara Nome club Tuesday evening at her home, Franklin ave. At fancywork and music the hours passed happily. A lunch served at a table ornamented with rose and lavender shaded candles, added pleasure. Miss Stella Kleiman, Depot st., will entertain the members in two weeks.

Guests of Miss Smith

With games and music members of Acorn troop, Girl Scouts, captained by Miss Mary McMurray, enjoyed a social meeting Tuesday evening at the home of Miss Dorothy Smith, Garfield ave. In one week the troop will hold a business session at the Presbyterian parish house.

SAVED HER PENCIL SUPPLY

Extremely Masculine Office Force Shielded Off Busy Stenographer's Shade of Delicate Lavender.

Part of every morning in the Busy Stenographer's life went toward collecting her precious pencils from everybody else's desk. Of course she never could prove these really were her own. The big fact was that at the end of the day her supply was always nil.

Feminine wit met the problem. Of course the men in her office classed themselves as very masculine; and checked suits, scorned tea rooms for lunch, but knew every chop house within a score of blocks—real men stuff, you know.

One morning the Busy Stenographer came in with a new package of pencils. She sharpened them carefully and laid them in readiness on her desk. The day sped by. Her pencils were borrowed—but returned. From the far end of the office the office boy came during the afternoon. "Hey, Miss Blank, isn't this one of your pencils? I thought you might be lookin' fer it?"

At the close of the day the supply was still intact. The color of the wood was delicately lavender.—Pittsburgh Dispatch.

WILL GIVE NEW PUMPER FINAL TEST THURSDAY

A water pumping demonstration of Salem's new American LaFrance pumper will be held Thursday morning at the waterworks pumping station by Fire Chief Boien to determine if the apparatus is capable of pumping 750 gallons of water a minute under 120 pounds pressure as required in the specifications submitted at the time bids were accepted.

If the demonstration Thursday proves satisfactory, it will be the last one required by the city before the final payment on the apparatus is made.

other articles which require some skill to prepare, he said.

Boy Scouts have spent many days in the Scout hut presented them by the Rotary club and Scoutmaster Chamberlain expressed deep appreciation for this Scout home and for the general interest the club had shown in Scout work.

President J. S. Alan declared that the Boy Scouts are doing more for the moral education of boys than any other organization.

Girl Scout Leader Speaks

The Girl Scout movement also was outlined to the club when Miss Cora Nelson of New York, regional director of Girl Scouts, appeared with Miss Holderman, recreational director.

The Girl Scout movement started shortly after the Boy Scouts were organized, Miss Nelson explained, when two girls pleaded that they be permitted to become Boy Scouts. The same desire for initiative, for getting out and doing things prompted this movement among the girls, she declared, but in Girl Scout movement the home side of the girl's life is stressed as well as the outdoor activities. They are true to their ideals, she said, which are, "to do my duty to God and country, to help others and to be true to my Scout obligations."

There are now 115,000 Girl Scouts in all the states and many of the foreign countries but the movement is being retarded by the lack of leaders and community support. Salem has six troops and Miss Nelson asked the literary club to give its moral support to the movement. They find the men's clubs are their warmest friends, she said.

NEW LEADS BEVERIDGE IN INDIANA PRIMARIES

Indianapolis, May 3.—"Doubtful Indiana," always wavering between democratic and Republican fealty, never was more doubtful than today when the Republican senatorial contest between Senator Harry S. New and ex-Senator Albert J. Beveridge was split almost fifty-fifty on the issue of incomplete returns from yesterday's state-wide primary elections.

Fifty hundred and eight precincts at 9 o'clock gave New 75,277; Beveridge 72,453. Partial returns had been received from 89 counties, leaving 12 unheard from.

Indications were that New had carried Fort Wayne, South Bend, Elkhart and Marion—industrial centers while it looked like Beveridge had won Terre Haute, in addition to Lake county, and the cities of Richmond and Muncie.

BODY OF WELL DRESSED YOUNG MAN, HANDS TIED, FOUND IN OHIO RIVER

Ludlow, Ky., May 3.—Coroner David W. Stephens, Kenton county, was communicating with police of Pittsburgh, Wheeling and other river cities this morning in an effort to establish the identity of a man whose body, clad in patent leather dancing pumps, silk socks and trousers of fine texture, was found floating in the Ohio river here Tuesday night.

The man was about 25 years old, five feet nine inches tall, weighed about 150 pounds. A bullet wound in the temple is believed by the coroner to have been inflicted by a murderer. The body when found was tied hands and feet with heavy wire such as is used to hang pictures. The wire which bound the feet together was worn as though a weight had been attached to it.

The theory that the young man who had been in the water about ten days was murdered by an unknown assassin, weighted and bound with wire and then tossed into the river, was advanced by the coroner. He believes the recent high water washed the body from the weight and brought it to the surface of the Ohio.

HANOVER SCHOOL BOARD FACES TUITION PROBLEM

Hanover school board is confronted by a problem that may mean financial disaster, according to statements made by members of the board. This year they have on scholar going to the Minerva High school and the board has been paying the tuition and transportation.

In the graduating class this year are nine who finish the course and all nine have announced that they are going to Minerva next fall. It is going to Minerva next fall. It is going to Minerva next fall. It is going to Minerva next fall.

After an examination of the law in Lisbon Tuesday Howard Sinclair, member of the board was told that the board would not have to pay transportation unless it desired to do so as the law reads "May pay transportation" and not shall pay.

Commencement exercises will be held Friday, Dr. Charles Cartwright of Pittsburgh making the address. Miss Anna L. Wharten is superintendent of the schools.

COUNCIL DELAYS

(Continued from first page.)
Time to meet future demands, councilmen declared.
The plan advanced, they point out, calls for parking parallel to the curb on Main st. between Ellsworth and Lincoln aves. Nothing is said regarding parking on Broadway and streets intersecting the main business artery.

Want Uniform Rules.
To make an ordinance effective it must have a wide enough scope to include all sections of the city, councilmen declare in advancing their arguments that if parking were parallel to the curb on Main st it would be at an angle on Broadway and other streets, or in any manner that motorists see fit to place their automobiles.

Council is agreed that parking should be the same on all streets with some exceptions which should be so designated as not to be confusing to motorists.
While announcement has been made by one member of council that he will vote against any proposed changes to the ordinance passed April 10, no others have openly expressed their views but an undercurrent of sentiment displayed at certain intervals seems to indicate that considerable difficulty will be experienced in changing the traffic regulations from those contained in the recently passed ordinance.

Physicians Want Nurses Training Term Shortened

Cincinnati, May 3.—A resolution approving the shortening of the period of training and so tending to increase the supply of nurses was reported for action before the convention of the Ohio State Medical association here today by the legislative committee of the organization.

The resolution, which would support a change in nursing standards, calls upon the Medical association to name a committee to confer with committees from the State Association of Graduate Nurses and the Ohio Hospital association for the purpose of obtaining action.

Another resolution introduced by Dr. H. C. Davidson of Akron recommends the amendment of the Davis reorganization bill as it relates to the department of health. The resolution would place the appointment of a health commissioner in the hands of governor. Another resolution approves the Hughes-Grissold code and opposes any changes in it.

The Only Shade Made With A Ventilator

SELF-HANGING

Vudor VENTILATING PORCH SHADES

The Vudor Ventilating Shade

is entirely different from any other shade on the market. It has a ventilator woven in the top of the shade. This ventilator allows the heated air to pass out freely from underneath the ceiling of the porch while the remainder of the shade, being closely woven, protects one from the rays of the sun.

SELF-HANGING

With our patented Self-hanging Fixtures you simply hang the shade in position upon staples previously driven through the Vudor printed paper pattern which comes rolled in each shade. No measuring, no boring, no screws or screw driver.

Unhook the shades in the fall, hook them up again in the spring.

"My Mother Always Goes to a Store She Really Knows"

"You see, it's this way," says Johnny Tupants, as he buries his hands in those roomy pockets of his smart all-wool suit.

"Mother's shopped around this town so long that she's got every store sized up just right. She knows where she gets a square deal. She knows which store has a 'rep' for giving a fellow his money's worth. She knows where she gets real attention and first-class service, and what's more, she knows the only store in this town handles good-looking, long-wearing clothes, like.

Hostile Attitude of Congress Toward
All Matters of National Defense May
Block the Efforts of the Secretary
of War.

Washington. — Secretary of War Weeks plan to open air routes to the isthmus has brought sharp attention to the general matter of the proper defense of the Panama canal. If war should come and an attempt should be made to put the waterway out of commission.

The secretary of war has said that he considers the two most important points at which this government should maintain troops to be Hawaii and the Panama Canal Zone. When the canal was constructed the airplane had not been developed to the high point of efficiency of today. Nevertheless, the aggressive action by planes against the canal was taken into consideration. Day by day in military circles there has been study of the defense proposition in connection with the advance of aeronautics.

It is recognized that if Uncle Sam's small fleet is to be divided between the waters of the Atlantic and the Pacific, the first effort of an enemy having its seat in the Pacific would be to damage the waterway in order to prevent the quick transfer of ships and supplies to the Pacific waters. Bombs from an airplane naturally are considered the easiest means of putting the canal out of commission. The great danger to the waterway, therefore, is from a point above.

The United States has spent large sums of money to make the canal safe from attack overland or from the sea. It will have to spend more money to make it safe against attack from the air. The only way that it can be safeguarded from bomb-dropping airplanes is to supply airplanes enough to meet and drive off raiders who are on destruction bent.

Safe Only From Surface Attacks.

In 1913, the year in which the waters of Gatun lake were turned into the Culebra cut, now called the Gatun cut, and the year in which the canal was opened for commerce, it was reported that Panama was immune from naval attack; that tremendous armaments capable of repelling sea forces, no matter how powerful, had been constructed, and it was believed that even if the American navy should be destroyed by a foreign fleet, the enemy could not make way with his ships past the powerful batteries which the United States had erected in either ocean.

At that time the problem of defense from a land attack was more acute. It was realized that enemy ships after having destroyed the American ships, could land at points out of range of the guns of the fortifications, forces strong enough to make their way through the jungle and to cripple the canal's activities by short-range artillery fire, even if the invaders eventually were repelled.

Today the War department realizes that an enemy wishing to attack the canal will not be compelled to employ a landing force. All that it would have to do, in case the air approaches were not guarded thoroughly by American planes, would be to send a bomb-dropping craft from the deck of one of its ships, depending upon its crew to drop a shell where it would do the enemy the most good and the canal the most harm.

Queer Attitude of Congress.

The whole trend of things in Washington today seems to be toward the doing away with anything which looks like defense for the people or the properties of the United States. Military authorities, and the administration itself, are fearful of the danger which would threaten the Panama canal in case of trouble, even with a small war. If the United States were to suffer some little difficulty with a neighbor country on this continent, there would be nothing to do to prevent that neighbor country from sending an airplane over the Panama canal to do its work of bombing destruction.

Judging from what has happened it seems likely that the President and his war secretary will have trouble in securing sanction for their plan to provide means to protect the great waterway from at least partial destruction in case of war or threatened war with any country anywhere. The canal cost millions; it is essential to the safety of the United States in case of attack, and it is essential to the regeneration of the shipping industries of the country. Nevertheless, when suggestion is made that a few millions might be spent in the way of insurance, the words of seeming wisdom fall upon unheeding congressional ears. Today a renewed study is being made of all possible methods of defending the Panama canal against attack from any quarter. It is unnecessary to say that these plans include adequate airplane protection.

PRELIMINARY FIELD MEET FRIDAY TO PICK SCHOOL'S TRACK SQUAD

Salem High athletes will compete in track and field events at 3 p. m. at Reilly field for members on the track squad to represent the school at the county meet in Lisbon May 13 and at the triangular meet scheduled here for May 27 with Alliance High and Raven High of Youngstown.

Despite the good showing of the athletes in the indoor meet at the high school, the first real insight into the strength of Coach Vivian's proteges will be gained with the marks that are established Friday.

That the seniors will win the class honors is almost assured with Woods, Kaplan, Alexander, Williams, Siskowic and Roebusch as representatives. Siskowic is favored to take the running broad jump with Woods placing in the 440-yard run, 880-yard run and mile run. Kaplan probably will place in the dashes.

As the result of his showing in the indoor meet, Roebusch is the choice for individual honors. He is without any close competition in the pole vault and should take the running high jump and shotput providing he runs true to form.

While Salem has no individual stars who stand out as certain to capture first places in the coming meets, the team seems to be well balanced and should be a strong contender for first honors in the county meet which is the center of interest in school athletic circles at present.

The events for Friday are 440-yard run, high jump, 880-yard run, running broad jump, mile run, shot put, discus throw, javelin throw, pole vault and mile relay for class teams.

LEETONIA

Mr. and Mrs. James Lubree are enjoying a week's vacation. They are visiting Mr. and Mrs. Urban Hoelter in Cleveland after which they will take a short lake trip before returning to their home here.

Mr. and Mrs. W. C. French and daughter of Cleveland were entertained by Mr. and Mrs. Charles Groner over Sunday.

Mert Caldwell who underwent an operation for appendicitis at the Salem hospital several weeks ago, was able to be brought to his home here the last of the week.

Mr. and Mrs. William S. Groner visited Mr. and Mrs. W. Groner at New Pittsburgh Sunday afternoon.

L. E. Fisher, who has purchased the Goodman property, is having improvements made by taking out walls and connecting rooms with archways.

Mr. and Mrs. Elmer Riehl and daughter Hazel, accompanied by their guests, Mr. and Mrs. James Fitzsimmons and son Harold, Mr. and Mrs. Marion Lower daughter Anna and son Wilson of Fairfield, spent Sunday afternoon at the home of Mrs. Riehl's parents, Mr. and Mrs. J. W. Groner, near Eagleton Glens.

Leetonia friends regret to learn of the death of Mrs. A. H. Hofer which occurred at East Palestine last week. Mrs. Hofer will be remembered as Miss Josie Eaton, who taught for 12 years or more in the schools here.

Mrs. W. H. Hudnut and Mrs. Elmer Stambaugh of Youngstown attended the Missionary meeting at the Presbyterian church Friday afternoon.

Mrs. Clara Taylor, who lives north of Leetonia, sold her household goods at public sale Saturday.

Mrs. Anna Thrasher visited Mrs. Charity Roller at Washingtonville Sunday. Mrs. Roller has been confined to her home by illness.

Mrs. Lambert Carrier of Columbus is visiting relatives in this vicinity and is the guest of her daughter, Mrs. Frank Boston of Washingtonville.

Frank Scott has gone to Chicago where he is employed in drilling wells.

Mrs. James Hall is enjoying a visit from her father, William Davis of Lisbon.

Miss Charlotte Zimmerman is home again from Lisbon where she visited her aunt, Mrs. James Caldwell.

Crippled Children's Week Is Proclaimed By Governor

The Ohio Society for Crippled Children, made up of Rotary clubs throughout the state, has set aside the week of May 8 as Ohio's Crippled Children week.

During this week the society hopes to secure the interest and support of the people of Ohio in developing the great program which they have outlined for the rebuilding of Ohio's 15,000 crippled children. Gov. H. L. Davis has issued the following proclamation pertaining to this observance.

"WHEREAS, in view of the fact we have in the State of Ohio upwards of 15,000 crippled and deformed children scattered throughout the 88 counties, for whom little has been done in the way of care, cure or education until very recently,

"AND WHEREAS, in view of the fact that by means of the establishment of proper facilities near the child, where it would receive this needed attention, 50 to 75 per cent of the children could be cured or improved to the extent that they would be self-supporting,

"AND WHEREAS, There are now on the statute books of the State of Ohio, two pieces of legislation in regard to the care, cure and education of the crippled child, and concerning which many people throughout the state are unaware,

"AND WHEREAS, from the fact that there has been established an organization in our state whose purpose is to secure the best medical, surgical and educational facilities that it is possible to give,"

Erie, Pa.—Miss Annetta Young, for ten years deputy clerk of common pleas court here, has been appointed clerk of courts to succeed Ross H. Cutler, who died recently.

KEEP YOUNG

People with bad backs and weak kidneys are apt to feel old at sixty. Many old folks say Doan's Kidney Pills help them keep young. Ask your neighbor! Here's a Salem case.

D. W. Reeder, carpenter and painter, 42 Walnut st. Salem, says: "Sharp pains shot through my back and kidneys that bothered me all the time. I couldn't bend without taking load of something to help me get up. The pains were sharp and some times I was so dizzy I could not see. My kidneys were weak and irregular and knowing that Doan's Kidney Pills were a good medicine, I used them. After taking the second box, my kidneys started to work right again and the other symptoms left. I have not needed a kidney medicine since and my back is as strong as ever."

Two or more delightful weeks in Chicago... at

Hotel Somerset

FOR a brief visit or an all-year home, come to the Somerset, on the smart North Shore. This luxurious new hotel offers you unequalled opportunities for enjoyment, relaxation and rest, at costs that have set new standards of moderation for the highest class of accommodation.

The Somerset is close to the lake, in the chief boulevard, right where the city is most attractive at all times of the year. Business houses, banks, theatres and shops are at easy access by motor bus, elevated and trunk line surface cars.

The kitchenette apartments represent the highest degree of convenience with economy. They are perfectly appointed, with full equipment for the single guest or for the family. Also there are choice rooms and apartments without kitchenettes.

There is a restaurant of great excellence, a roof garden, from which an entrancing view of the city's splendor may be had day or night, and a large solarium—ideal for conventions, club gatherings and private parties. Half a block from the Hotel Somerset is a beautiful beach where bathing in Lake Michigan can be enjoyed. Guests may change to bathing attire in their apartments and go directly to the beach.

Reservations for spring and summer are now being received and the safe plan, to avoid disappointment, is to write immediately.

Kitchenette apartments of 2, 3, 4 and 5 rooms, by the week, \$42 up—by the month, \$150 up. Room without kitchenette \$25 a week up. By the day \$4 up. European plan. Let us send you descriptive booklet and floor plan.

Most Astonishing Value of the Year

THE low price of the new Cleveland Six is all the more remarkable when its new style and smartness are considered. Yet they are only a small part of its extraordinary value.

It is one of the few really new and stylish cars of the year

In every feature of the chassis, engineering skill has incorporated some improvement, some additional precision, some new assurance of greater efficiency, that make this latest Cleveland Six an unexpectedly fine car.

In the powerful, silent motor such features as silent chain drive, straight line manifold, double-valve springs, roller-lifters, wick lubrication of rocker arms, are exclusive or only found in much higher priced cars.

This new Cleveland gives all the power, speed and riding comfort of far more expensive cars—and in economy, there is no comparison.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.

SUFFERED SO LONG SHE WAS LOSING HEART

Mrs. Bartlett Has Gained In Weight, Feels Fine And After Effects Of Flu Entirely Gone Since Taking Tanlac.

"Years of nervousness, stomach trouble and general rundown condition were ended for me by taking Tanlac," said Mrs. Frances Bartlett, 1196 Norwood Ave., Toledo, Ohio.

"I had the flu over a year ago and it left me so weak I nearly broke down. When I even tried to sweep the floor I would give out completely and I almost lost heart. My appetite was very poor, and my food caused gas that made me suffer agonies. I was so weak I couldn't walk a block without resting."

"My husband heard so much about Tanlac that he got a bottle for me. After taking three bottles I felt I had been made into a new woman. I have regained much weight and indigestion never bothers me. I am so happy over Tanlac I just want to tell other sufferers about this wonderful medicine."

Tanlac is sold by all good drug gists.

MADE OLD GENTLEMAN SMILE

Youthful Bride Hadn't Thought That Other People Might Also Be on Their Honeymoon.

It was the first day out. The ocean liner was cutting smoothly through the waves, with Europe as its destination. Being a bright, sunny afternoon, with an invigorating air circling about the decks, many of the passengers lounged in the comfortably blanketed chairs.

The upper deck totaled about fifty-two people. Among them were the usual jokers, and queens and Jacks and Harrys, and so on down the list.

One old couple—they looked to be about fifty-five—attracted a good share of the attention. Everybody usually surveys everybody else the first day, in order to determine if they are being followed or if an acquaintance happens to be abroad.

A particular young man and a pretty young woman watched the old couple with fixed gaze. The mature pair were very assiduous for their age. When the old lady dropped her magazine the young man picked it up for her. The result was that the quartet entered into a conversation.

"I just remarked to my husband how attentive you are to each other," spoke the young wife sweetly. "I wonder if we'll be as happy as you are after we've been married so long? We were just married yesterday."

The old gentleman wrinkled his nose all up and smiled.

"So were we," he replied—Herbert Hoese, in Judge.

If Kidneys Ache or Bladder's Weak

Take Roots and Herbs to Flush Kidneys and Wash Out Irritating Acids

If your kidneys hurt or bladder bothers drink lots of water and remember these weaknesses result from the system; if they become overworked and sluggish they fail in their efforts to filter and strain all the waste poisons from your blood. Practically all rheumatism, back ache, dizziness, constipation, sleeplessness and bladder weakness come from clogged kidneys.

To have strong, healthy kidneys, capable of easily and normally filtering from your blood 300 grains of Toxine (Poison), which they should do every 24 hours, you simply must keep them clean and active and the acids neutralized so that your kidney and bladder troubles will be ended. Then you can forget you have a set of kidneys or a bladder. Just a natural stimulant is necessary. Simply get a bottle of Dr. Carey's PRESCRIPTION NO. 777 (Tablets or Liquid) made from harmless roots, herbs and leaves and take right after eating. You will be delighted with the results it will bring. The J. H. Lease Drug Co., Floding's drug store, Bolger & French and all good druggists can supply you.

DRAINAGE DEMONSTRATION

Danascus, May 2. Nearly 50 farmers attended the farm drainage demonstration on the Clyde Cobbs farm in Knox township Monday. About 50 rods of drain tile were laid under the supervision of Baker & Nelson of Findlay, and it has been proposed that similar demonstrations be given in other parts of the county.

County Farm Agent Clarence E. Rowland was one of the interested spectators, and after the task of the day ended, declared that, "if more farms in our country were drained, we would have a great increase in farm production."

The doctor treats all Chronic Diseases and Deformities of men, women and children. Many cases might be saved from dangerous operation by going under the doctor's treatment.

All Diseases of Men, Women and Children Treated

Catarh and Stomach diseases are given special attention. If you have catarh trouble go and be examined. The sick and afflicted should take advantage of the opportunity here offered. Go and have it settled in your mind. If your case is curable, he will tell you so frankly. If incurable he will give you his advice. No sick man or woman should fail to consult this specialist.

If you have Rheumatism, Nervousness, Dropsy, Swelling of the Feet or Hands, Liver Trouble, Heart Disease, Nervous Debility or any wasting disease or weakness, Sallow Complexion, Dizziness, Dyspepsia, Indigestion, Constipation, Stomach or Bowel Trouble or Epilepsy, go and let Dr. Snell see you.

Blemishes, Blood, Skin and Scalp Diseases, Piles and Ruptures successfully treated.

Ladies

who suffer from Sick Headache, Melancholia, Spinal trouble, special diseases, or having any deviations from health, caused by irregularities, weakness, or disease peculiar to women, should consult this specialist.

Ovarian or womb troubles treated without the knife. If you have been advised by anyone to undergo a surgical operation for womb or ovarian difficulties, stoppage or pain, do not listen to it and save your life unchanged by the knife, knife or needle before consulting this specialist.

Old or Young Men

It matters not what your ailment may be, or how long standing. If your future health and happiness are at stake consult this doctor specialist.

It matters not what the ailment may be, it matters not what discouraging reports may have been made from any direction; it matters not if you have been told that you are incurable. Do and consult this eminent doctor and if there is the faintest thread upon which to base a hope you will find hope there, with the treatment that will lead you to health, contentment and happiness.

American Girl Heroine In Alice In Hungerland Film

"Alice in Hungerland," the three-reel film which will be shown at the Grand opera house Sunday evening at 6 o'clock and again at 8, gives a picture of conditions as they exist in the Near East today. The film was taken last summer when the American commission visited those lands. The testimony is reliable and the story itself is full of real interest.

It concerns a little American girl, Alice, who so earnestly desires to join her father who is administering relief in Constantinople, that she steals passage on a Near East Relief flour ship bound for that far off city. She reaches her father safely and the rest of the story tells what she sees of poverty and suffering and also what she tries to do to help out. Spectators will have the opportunity to compare the homeless little waifs who have had no help from America with those who have been

taken into Near East Relief orphanages. What love and devotion and care will do for the individual child can be seen also, for the heroine of the moving picture, Alice, is really an Armenian orphan who was selected to portray the role. Incidentally, she was adopted by one of the members of the commission and is now living in New York.

The first show is for children only. At the second meeting an address will be given by Dr. E. W. Helster of Cleveland, who was one of the commissioners last summer to visit the Near East. His subject will be "The Crucifixion of a Nation."

Why Try to Cure Your Disease?

When you produce it yourself? You spoil the efforts of the best physicians. You cannot possibly be healthy with bad teeth. You may have moments of relief—but your body can never heal as long as you poison your food—or don't digest well chewed food.

Why Be the Goat?

We don't want to "butt in" to your affairs, but why be the goat, and pay a fancy price for dental work that's supposed to be better than Electric Dental Service can give? No one wants to pay a high price—the memory of it hangs on like a bad cold. You don't have to dig down deep for tooth-attention. I've had the "pry" out of price for nine years. Let me save you the dough and the woe.
